WE’RE MAKING MONEY! WAIT...MAYBE NOT? MANAGING AND MONITORING YOUR BUSINESS DURING GROWTH.

Many times when our companies grow, cash is coming in and we stop worrying about the things that got us through the hard times. This course is to help remind us of what we need to do (or continue to do) as owners/controllers/ & service providers to ensure we effectively monitor and maintain growth. We are going to focus on cash management, financial ratios, a few internal controls, and questions to ask of the third parties you work with to help you focus on what is really important to you at work.

J. HUNTER BASS, CPA, JD, MBA
Senior Assurance Manager, Fisher, Herbst, and Kemble, P.C.
Prior to joining FHK, he worked for Arthur Andersen, as a sole practitioner CPA, and an attorney. Mr. Bass is also the managing member of X-Cel Pediatric Home Health, LLC, a small business in the San Antonio area. He also serves on the Finance Committee at Alamo Heights United Methodist Church and am the Treasurer for the North East Youth Soccer Organization (NEYSO).

Fisher, Herbst & Kemble, P.C. ("the Firm") is a full service Professional Corporation of CPAs and accountants serving San Antonio, Central and South Texas. According to the San Antonio Business Journal, Fisher, Herbst & Kemble is one of the top 10 San Antonio based CPA firms. The Firm has been in existence since 1983. The Firm provides services include tax planning and compliance, accounting, audit, reviews and compilations and technology implementation to clients in the following categories: Agriculture, Medical, Construction, Oil and Gas, Family Groups, Private Foundations, Financial Institutions, Professional Services, Hospitality, Public Charities, Investment Companies, Real Estate, Manufacturing, Retailers
The firm strives to delight our clients rather than just satisfy them. Teamwork is an integral part of our philosophy and is “practiced” rather than just “preached”.
